Important Rules for the Gymnasium

1. No food or drink in the gym.
2. Sneakers or very soft sole shoes only.
3. Be meticulous in cleaning up your area.
4. Bring your own table and chair. Inspect them so that they are protected and will not scratch the gym floor.
5. All kids must be accompanied by a responsible adult.
6. Spectators are very welcome, however if you wish to compete, an AMA Membership is required, (this includes children). Please check with the AMA, (www.modelaircraft.org). I believe there is a nominal charge for kids under a certain age.
